

City of San Luis Obispo

CLIMATE ACTION PLAN

COMMUNITY MEETING #1 | MAY 16, 2019

Agenda

- What is a Climate Action Plan?
- Emissions Inventory Overview
- 5 Pillars Approach
- Break Out Activities + Open Mic Opportunity

What is a Climate Action Plan?

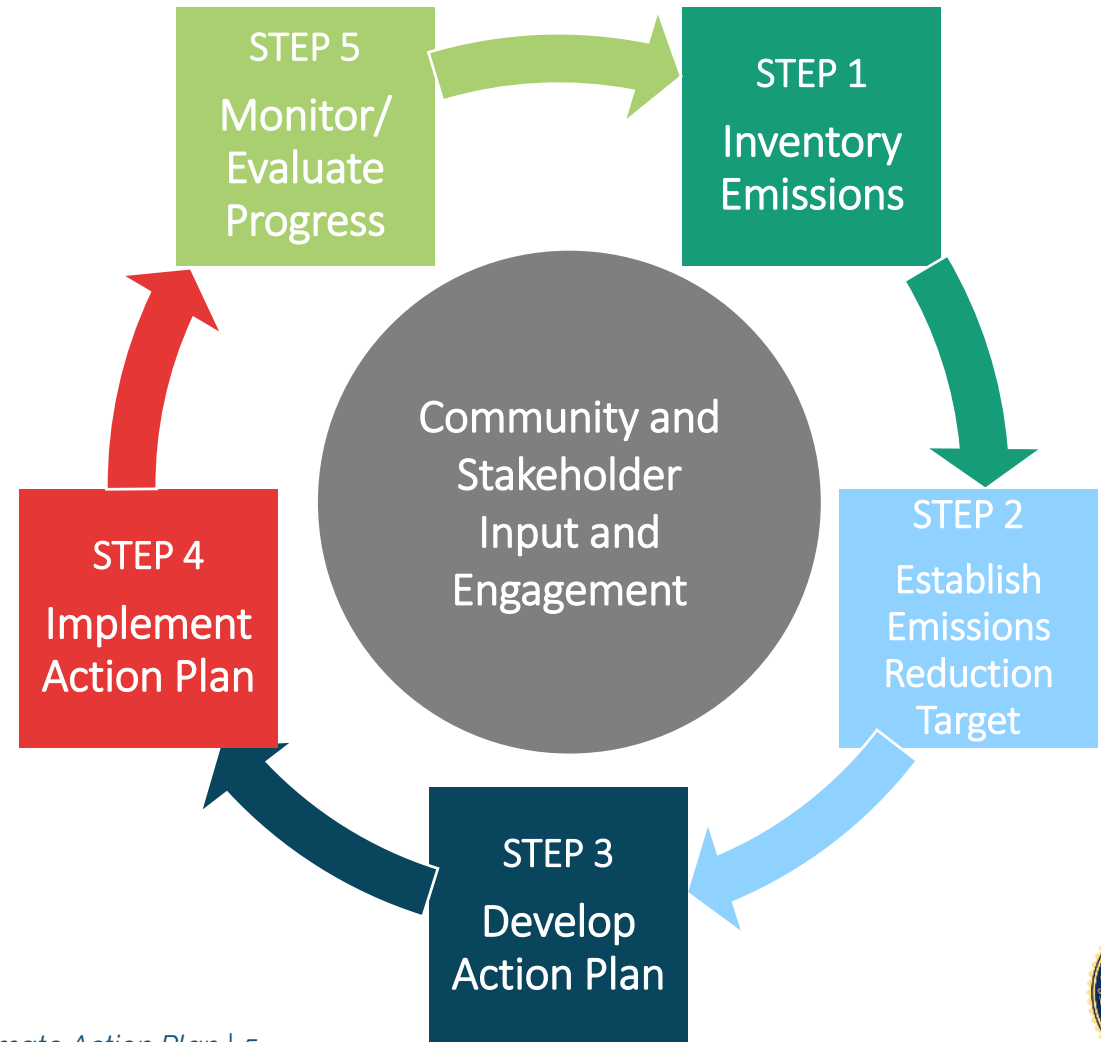

Why Carbon Neutral?

- Climate crisis is here
- Leadership cities must act first
- City Council direction – carbon neutral by 2035
- Real opportunities to grow and diversify our economy, address equity, enhance natural resources, and improve quality of life
- Match the General Plan Buildout

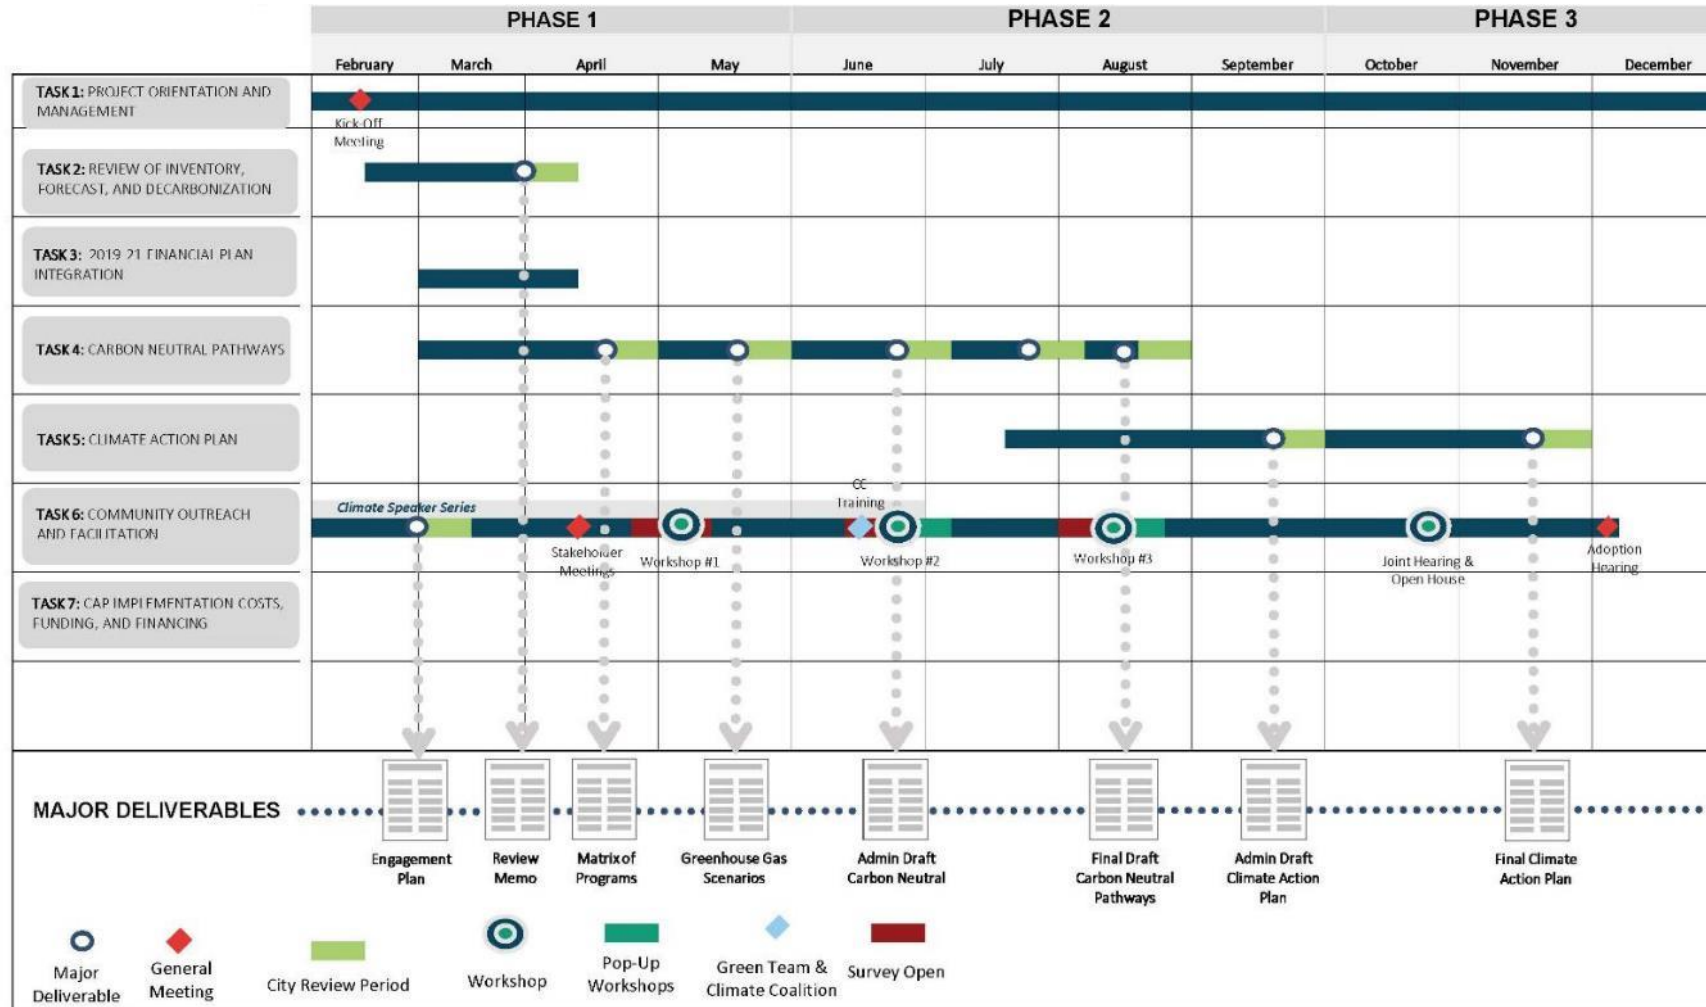

A Climate Action Plan is:

- A plan to reduce the community's greenhouse gas emissions across multiple sectors
- Encompasses the entire community & reflects its values
- Leverages existing plans/programs
- Ranks opportunities & priorities
- Maximizes cost-benefit

SLO Climate Action Plan Schedule

Emissions Inventory

Provisional Inventory

2016 Provisional Greenhouse Gas Inventory of Community-Wide Emissions

2016 GHG emissions by sector (MTCO₂e)

Path to Carbon Neutrality

5 Pillars to Achieve Carbon Neutrality by 2035

- Carbon Free Electricity
- Transportation Decarbonization
- Building Decarbonization
- Zero Waste
- Sequestration

Activities

Stations

- Please spend the next 40 minutes visiting the different stations, in which ever order you prefer.
 - Station 1: Green Energy
 - Station 2: Active & Clean Transportation
 - Station 3: Green Buildings
 - Station 4: Zero Waste
 - Station 5: Open Space & Sequestration
 - Station 6: Additional Feedback

Please visit the six stations

Closing

- Open Discussion
 - What can the City do? What can you do? What can SLO leadership organizations do?
 - What is the first priority?
 - What is the long term action?
 - What did we miss?
- Next Steps
- Upcoming Climate Events in SLO
 - June 25th Climate Solutions Series - Hal Harvey
 - August 22nd Electrification Expo

Thank you!
